My dear Sir

Mr Fletcher has objected to agree to the conditions of the meeting, not on account of the dividend – but that he will have a regular trustee – therefore Mr Gleadon has called another meeting on Wednesday 2 oclock – but he hopes that in the mean time he will change his mind I must bring the matter to a conclusion for I feel my strength and mind failing very fast – If you can come in do so – but if you cannot you might say that you would agree either with Henty or Mr Priaulx but I hope you will be able because in case I should be obliged to declare myself insolvent you might be of great use

I am my dear Sir  
yours truly  
W Wood

I do not know whether Mr G wrote to Mr Swan or not -
