My dear Fr^d

Geo. W. Walker

Since coming here, some friends have expressed a wish, that I would give to the bearer, Eleanor Moffat, an introduction to some fr^d in New Zeemans Land, & I have concluded to write to thee. E. Moffat had a birthright among Friends, but married out, to a soldier, whom she is now following, to Tasmania: some of her relatives belong our Society, & would feel very grateful for any attention that might conduce to her comfort, or to her spiritual

welfare. This, I know there are those
among you, who will be willing to
afford, so far as you find the way
satisfactorily open. — The Yearly
Meeting here is just concluded. It
has been a favoured one. — I expect
to return to England in a few days.

Thy bro^r affly

Jas Backhouse
