My Dear Sir
Your 'Photo' reached me yesterday aftⁿ. It is indeed an admirable likeness, in many respects. It hardly does you justice. As a Photograph it is a first-class work of art and deserves high praise. I shall greatly prize it, and I shall hand it over to those who are nearest to me. It

represents not only a friend, but
a true man, and a citizen
faithful to his fellow men.

As for my poor self, I am
"in the sore & yellow leaf" - & I shall
not be able to play any part in the
politics of the country - they have
shut me out for so long by clique
to bring influence. But you &
some few other young men of the day
must & will play a very important
part in the coming time. You have
by most ardent wishes for your
success in maintaining the rights of
the people. Let nothing infringe upon
the sacred rights of man.
Spot 'abuses' and worry

then to the death. Hunt
Corruption away from political
life. Make Public institutions
give a maximum of usefulness
to the taxpayers & the great body
of the people. - Make public
men, and members of Parliament,
feel that they are the servants,
& not the masters, of the Consti-
-tutions throughout the land.

The future of constitutional
Government must give
some better assurance to the
breadwinners & taxpayers,

than any yet marked up to this
date, that the true interests
of the people will be upheld.

I fully anticipate that
I shall have to write underneath
your 'Photo' next year —
"M.P. for East Hobart" or
rather "for Hobart" as I hope
the wretched ward system
will be abolished.

With a stray body of
admiration & regard.

Ever your faithful friend

My Dear Sir

Your Photo reached me yesterday afternoon. It is indeed an admirable likeness in many respects. It hardly does you justice. As a photograph it is a first class work of art and deserves high praise. I shall greatly prize it and I shall hand it over to those who are nearest to me. It represents not only a friend, but a true man, and a citizen faithful to his fellow men.

As for my poor self I am "in the sere and yellow leaf" and I shall not be able to play my part in the politics of the country. They have shut me out for so long by Clique . . . ring influence. But you and some few other young men of the day must and will play a very important part in the coming time. You have my most ardent wishes for your success in maintaining the rights of the people. Let nothing infringe upon the sacred rights of man.

Spot "abuses" and worry them to the death. Hunt corruption away from political life. Make Public Institutions give a maximum of usefulness to the taxpayers and the great body of the people. Make public men, and Members of Parliament feel that they are the servants and not the masters of the Constituencies throughout the land. The future of constitutional government must give some better assurances to the breadwinners and taxpayers than any yet marked up to this date, that the true interests of the people will be upheld.

I fully anticipate that I shall have to write underneath your photo next year - "MP for East Hobart" or rather for Hobart as I hope the wretched ward system will be abolished.

With a strong feeling of admiration and regard
