

Dear Father

June 7 1836

Since I wrote you last Mr Roberts  
has called on me & made a proposal  
for buying the flock at a valuation  
I told him I should write to you  
respecting it. I told him I should  
expect 50 for each ad'ance on  
the Swivies - I expect too that  
he will take the last one from  
Beville Gore & Co. I think it  
would be best to sell to him  
so such another opportunity might  
not occur again. If  
it meets your approbation  
you will greatly oblige me  
by an ~~answer~~ per return.  
Yours

My dear will I remain  
I am

Yours affly
