

The property we have to give as
Security (P. & S.) is the following:-

31000 Sheep with the same to keep 40000

500 Acres land of the best
selected over the same

400 Head of Cattle with the same

40 Horses - value - at - £9500 -

I value them at 5p. Cattle 30p Horses £15
with the same.

My usual surplus the same. The year
1848.

Our stock of wool last year is about
100000 at 6p. £30000 this with 5p

to be refunded on the two last years and
sayings of Mr. Prichard we have

£4000 ^{median} in addition to the 31000 sheep
which will bring off the ensuing winter

I would rather see the business
Applied as it would save postage -
but in case I cannot do it here
would you do it if so you might
do it conditionally so that if I did not
want the money to put the bike which
with the bike I had ¹⁰⁰ for \$11.00 -
I can return you the money -
If you choose the \$2000 is the amount
we give you all the stock she made
Homes taken as mentioned in the book
with the same quantity of money
Glen Coe High School and
about 300 hundred square miles
or more -
If wool rises you will have an
amount or as it is it is very good
I should not like to give it to you
