My dear Clerk

I enclose a short-

Memorandum explaining the reasons

which leads me to the same

Conclusion as - which you have

arrived at in the case referred to in

JUDGES' CHAMBERS

your note. I think the  
key to the problem is the  
consideration that the basis  
of the account is 15 cents.  
The fact is 15 cents is  
the only thing that  
our country.

Yours very truly

My dear Clark,

I enclose a short Memorandum expressing the reasoning which lead me to the same conclusion at which you have arrived in the case referred to in your note. I think the key to the problem is the consideration that the business of the executor is to maintain the facts as to payment and then apply the law of his own country.

Very truly yours  
S.W. Griffith
