

Walden

Sept. 14th 1952

My Dear Father

I have been so engaged
 of late that I hardly had
 time to sit down quickly and
 write -

I hope this week find you well
 clear the rest of the family.
 I believe we are all well on
 this side. John I hear is doing
 well. Men awaiting board his
 list for help in town before
 they can get to see him -

I have been enjoying some
 of the emergency families who

My horse has been employed as
saddles in Scotland. They work fine
valuable servants - These old colts
were always eye servants and
discouraged - The character of the
old horse - I said my Colts
were bad to ensure the welfare
of the people - There are other
horses in some cases now -

I look forward to taking
off. I am tired of the land
It is a good subject and
well growing district - but
that is all. It is not a land
to grow fruits in - ~~and~~ and
I feel my system wants a
change. I feel as tho I was
getting a disease of the heart -
a burning pain over the left
side and it is only by ^{stimulation} "Bread"
I can get rid of it -

I do not hear Ed complain but
he is very stout without activity he
has not gone through the fatigues that
I have

Mr. Smith's horse sent to mine was
sold. Subsequently at L. 1. 1. 1. 1.
the brand, two head of cattle
given in and 80 acres of fields
land = a good price -
It is coming down my feet
I am very true at L. 30
With kind regards

affectionately
Yours -

B. B. Peabody
