

Andaise June. 15th 57

My dear Father =

I received yours of May 26th and from your letter I should judge you were a great deal better - I expect our Parliament is adjourn - for 2 months I desire home - and may design my best - long in Andaise does not suit me. Our Colony ^{is} was more Democratic than any of the others that is the reason I refuse we have had no change of Ministry yet - they have some trouble to come their business - I should ^{in a month} prefer to be at home in the winter season

I have visited some of the mines
grown in & as they are nothing ~~to~~
to good French or Spanish mines -
they have a disposition to ~~run~~
and with it -

My brothers should get good
lots of Apples and by and by
some good copper - an copper
I have visited in Pennsylvania was.

My dear - (My Brothers)

I should hope they will have a good
chance of trying land the old
settlers, trying out - or leaving -
and I suppose lands are coming
down to their value - Penna
lands I own are good it -

I have been over 60 miles of
country here - a great deal under
the ground - supposed looking for

He is a low-bred vulgar fellow
the estate of ^{the} ~~the~~ ^{the} 1,200,000
last year - Population = 104,000 -
With love to my mother and
sister

I remain my dear
father your
affectionate and obedient
son -
