

HÔTEL WEIMAR, MARIENBAD.

August 16th 1898

Dear Judge Clark.

Dear

I congratulate you upon
 your elevation to the bench
 and offer you my fervent
~~pr~~ citations that the serenity
 of mind befitting the
 attitude is yours. I

thank you most sincerely for
 the kind thought which
 suggests a visit to Australia
 instead of my well worn
 annual pilgrimage to the
 watering places of Europe.

but had you in addition to the
many other gifts which a kind
providence has showered upon your
country health giving and nerve
restoring waters such as these of
Quarantary. If you have them
am yours for a while at least.
And you need not be surprised if
your judicial duties are
interrupted by reason of a bad
imitation shot as it were into
the air. My wife joins me in
congratulations upon your new
honors, and sends her greetings
in this same package with love
to Lady Clark. I should also
acknowledge receipt of the manuscript
which gives I am sure but too
modest an account of the noble
conduct of my dear Lady, how
as we shall have in the Phillipines
to speak a neighboring colony
and I should call in upon I
will send but may at the risk
of not circulating crystallize into

action. Let me hear from you
soon again. And also keep
me posted as to the progress which
electrical reform is making in
your colony. We have recently
done nothing in the States, the
questions of the day met us which
demand political action more
of a kind now exciting and
readily understandable character.

Rest assured that it will
at all times a pleasure to get
a letter from you and therefore
write whenever the spirit moves you.
I am with great respects

Yours sincerely

Samuel Morse

A. Augustus Clark

Judge S. L. Tammam.

Note if a "fir" should be attached to the
above address attend it.

I expect to be back in
New York early in October
