G. R. EDWARDS,
AGENT.

July 15th

1885

Dear Padre
I will take the "French
Repubere" if I must take a toast
though I was in hopes you would
treat me as a visitor and let
me off speechifying for which I
have very little inclination. I could
not do anything with the "Roll of Honor"
which ought to be very nicely touched
by somebody with good healthy
sentiment - that's A.S.C.

I received your petitions and
will get as many signatures as
I can but I am afraid that
will not be many. You must
know that I am away from the

Office six or seven hours a day
and meet very few people in
my round of business except
officials.

I shall be pleased to take
"Modern Thought" if you are
sending any money over to pay
for others, please pay for a
copy to come to me at this
address and I will give you
the money when I go to Hobart.

There is no matter for a letter
just now but in a few days we
will meet and have a chat I hope

Yours very truly
J. B. Brunard
