## PAPERS :

Page.

Notes regarding certain Fossil Shells occurring at Table Cape, supposed to be identical with living species. By R. M. Johnston, F.L.S.....	199
Notes of Stereoscopic Observations of the Comet "Pons," 27th January to 2nd February, 1884. By A. B. Biggs.....	200
Report of Spectroscopic Observations of the Twilight Glows during February and March, 1884. By A. B. Biggs.....	202
References to Baron C. Von Ettingshausen's recent Observations on the Tertiary Flora of Australia. By Baron F. Von Mueller, K.C.M.G., etc. ....	203
Notes on Fossils from Maria Island. By R. M. Johnston, F.L.S.	
Notes of a critical examination of the Mollusca of the older Tertiary of Tasmania, alleged to have living representatives. By Professor R. Tate, F.L.S., etc., Adelaide...	207
On the community of species of Aquatic Pulmonate Snails between Australia and Tasmania. By Professor R. Tate, F.L.S. ....	214
Notes on boring operations in search of Coal in Tasmania. By T. Stephens, F.G.S., etc. ....	217
Description of a new <i>Vitrina</i> . By R. M. Johnston, F.L.S. ....	219
Additions to the list of Table Cape Fossils, together with further remarks upon certain Fossil Shells, supposed to be identical with living species. By R. M. Johnston, F.L.S. ....	220
Discovery of Entomostraca in the upper Members of the Travertin Beds, Geilston, and a description of a new species of <i>Cyprus</i> . By R. M. Johnston, F.L.S.....	224
Discovery of a Cone, probably of a species of <i>Lepidostrobus</i> , in the Sandstones of Campania. By R. M. Johnston, F.L.S.	225
Description of new species of Mollusca of the upper Eocene Beds at Table Cape. By Professor R. Tate, F.L.S., etc., etc.....	226
Notes and description on a new species of <i>Odax</i> . By R. M. Johnston, F.L.S. ....	231
Description of a new Fossil Shell from the Eocene Beds, Table Cape. By R. M. Johnston, F.L.S. ....	232
Description of a new species of <i>Crepidula</i> from the Eocene Beds, Table Cape. By R. M. Johnston, F.L.S....	233
Notes on the discovery of two rare species of Ferns, new to Tasmania. By R. M. Johnston, F.L.S.....	233
Remarks on the observed Periodicity of the Death Rate, with suggestions as to its possible relation with the Periodicity of Solar and other super-Terrestrial Phenomena. By R. M. Johnston, F.L.S.....	236
Notes on a <i>Sapphirina</i> and a <i>Salpa</i> caught off the Cape of Good Hope. By J. R. McCance, F.R.A.S.....	240
Cancer in Cattle. By H. A. Perkins, M.D.....	243
Observations on Six Rare Fishes recently captured in Tasmanian waters. By R. M. Johnston, F.L.S. ....	252
