

My dear friend
Lucilia Hunter,

Accept my
grateful thanks for the little
table - It is to me very delight-
-ful to look upon something
that is strictly a part of my
dear boy, as I have nothing
myself but a hurried note
to mark his individuality -
If I grieved thee in making

The request I am sincerely
sorry. - But seeing that years
have elapsed since his removal
I thought that although thou
might still prize it thou
wouldst not mind parting
with it to me

Kindly accept the accompanying
Album as a Memento of dear
Joe and also in recognition
of the kindness thou hast
shown to myself
With kind regards

believe me sincerely thy friend
