My dear Friend
G. W. Walker

At the request of my friend
Wm Forster I write to desire thee to pay in such
sums and at such times as thou mayest deem most
suitable to help the bearer Wm Martin, the sum of
Two Pounds sterling; which Wm Forster has paid to
me, and with which I shall credit thy account
with Geo. Bennington. — It will be desirable
to hear how W Martin conducts himself &
a satisfaction if he should settle down con-
sistently with Friends; to whom he has shewn
much attachment. — The Epistle from
your N. M. has been recd. The N. M. com-
mences tomorrow. The sittings of the N. M.
of Ministers & Elders yesterday & today were
times of favour. Do not be troubled about

any spleen that may have been excited in
Africa by Mr Lawton bringing some passages
from the printed extracts from my Journal
under notice in defence of some remarks
that he made at a Missionary Meeting.
Perhaps it may be best not to make any
comment upon them. I intend writing again
soon & remain with love to you all

thy afft fr?
