

My dear Sir

Mr Swan and Mr Henty – (Mr Priaulx approves) told me to offer to all except themselves 8s instead of ten – to be paid in five weeks – which will amount to £200 which amount, to induce them to agree to, Mr Swan will guarantee if they require – I have done so and they all have consented – Mr Swan will with yourself take in trust all my property which be calculates will pay 10s to you him Mr Henty and Priaulx in the manner before agreed to – and leave somethings ~~over~~ in hand – and besides that I will next year make another payment according to my means – Mr Swan proposed this arrangement in the idea that there being only Mr Henty and Mr Priaulx, neither you or he would be troubled or interfered with –

This has been a wonderful relief to my mind which was almost spent and I shall never forget my obligation to you four – by which you will not lose for if made insolvent I should not have paid 8s – would be ruined by that –

This £200 to be paid by 1400B wheat to be sent in immediately after being threshed
