My dear Sir

The bearer my Brother-in-law Mr
Wizer has recently arrived from England,
and is rambling about the Island seeing
into the state of its agriculture &
He has been an eminent practical farmer
Agent here agent &c &c

I know I need not ask your
kindness in showing him your sheep books
and some of its extensive sheep farms

I have been in early expectation
of hearing of your being called away to your
official duties

I have had a holiday at George
Town with our little family for a few days
and found the sea bathing and change of air

beneficial, and only regretted we could not
remain longer -

Mr. Cahoon writes in kind regards
to Mr. & Mrs. Leake and family with

inquiries for

your health
