Legislative Council Chamber,  
8 September 1853.

Sir,

I have the honor, by direction of the  
a Select Committee of the Legislative Council, to  
transmit to you copy of a Communication made  
by D. Bedford to the Government on the subject  
of measures to be adopted with a view to prevent the  
introduction of Small Pox into this Colony, and to  
request that you will favour them with your opinion  
whether the Scheme herein proposed is practicable,  
and likely to be effectual as a preventive.

I am also to request the favour of your  
opinion as to the probable effect of a Legislative  
Enactment making vaccination compulsory;  
as well as of any general suggestions you  
may be enabled to make as to the best  
mode

D. Storey.
