sent on well, that I have never needed two
days to get it, who are however for
this to Mr. Phillips' at Bathurst, & for
them to Mr. Phillip, to oblige you if
you happen to have any for sale.

What they want is strong heavy

preferred, & it was not still to more

feed for all sorts of breeding stock.

If you have any they
that you will send them - I
will give you a line by
Friday next - as they will not have
before then, & be probably excited &
you reply in other horses here, or in
writing to you for them. - It is very
hard on course they want - in the
but Charles for a all early at P.P.
one report to Charles
