J. M. Walker Esq

My very dear Sir

A short letter this time. Please  
transmit a copy of my book. The last I sent  
for Mr. Hodgson to take & then lost.

Your Secretary of the Board very prudently  
waits for the perfecting of the book before  
giving orders. Had things done so, the book  
would not have appeared at all. It has  
been & is Sydney. The Board - private men  
of influence &c are content to aid the  
book, & wonder it is so good as it is. Thanks,  
therefore, that Tasmania will be the only  
exception in the colonies of government  
support of the geography.

In a week or two I hope I have  
important news to give you

All will here - excepting my heart. Doctor  
orders great care or sudden death. He objects to school.

I am truly yours  
Your affectionate friend  
J. M. Walker
