Taken May 1875
 822 M. Mr Harold Wright, Kate
 P.M., went up Rocky Hills Creek
 looking for airb orchids called Gunnia
 after Mr Gunn, who discovered them -
 Father met us returning from Mayfo
 where he used to ride looking at the
 men working, few were left at Liddellon

The Gunnia grows in the mossy stems
 of trees & only a few places in Tasmania.
 Labiate, white with pinky spots inside
~~leaves~~ leaves three to four inches long one inch
 inch wide.
