

Hobart

18 October 1884

My dear Sir

Allow me personally, and also on behalf of the Hospital Board — a Board of which the late Mr P. A. Marker was for many years an indefatigable and much respected member — to offer to yourself, and through you to Mrs Marker your widowed Mother the cordialness and sympathy of the members of that Board in her present bereavement.

At the last meeting of the Board it was unanimously resolved that a fitting recognition of Mr Marker's long and valuable services

Mr Robert Marker

Hobart

should be presented to him, and at the
time of his death, such a testimonial
was in course of preparation but as
the opportunity for its presentation has
now passed accept the united
sympathy and Condolence of those
who from long association with the
late Mr. Smith as fellow workers in
the same field, will well be appreciative
his untiring zeal in the discharge of
his duties in connection with the
management of the Robert General
Hospital.

I am,

Very truly yours
Thos. C. Smart
Chairman
Hosp. Board
