York 22/8mo 1843.

My dear Frⁿ.
Geo: W. Walker

A friend named Lydia Rhodes
of Dublin, has sent me Eight Pounds to get
thee to pay the same, either at once, or in sepa-
rate sums, into the hands of Ellen Maria
Moffitt, wife of John Moffitt, Sergeant
in the 99th Light Infantry, who sailed from
^{in the Emerald Isle,} Sheerness, on the 30th of Oct^h Mrs. and will
probably be in Hobart Town before this reaches
thee. — There was a probability of the regimt.
being ordered on for Sydney, in which ^{case} thou
mayst perhaps be able to get thy Bro: R^t
A Mather to perform this office of kind-
ness. — The said Ellen M. Moffitt was brot
up among Friends, but married out of the
Society: she is the daughter of Lydia Rhodes,
who is much concerned about her, & wishes
the money to be paid into Ellen Moffitt's own

hands. — I think I gave to some of Eckels' friends an introduction to thee. — Thy letters & account of Frds in N. D.L. interest us much. we should be glad to learn that they all got fully to the root of Christianity & suffered its branches to grow uncashed by the storms of temptation, and unchilled by the spirit of lukewarmness. — I suppose our dear trio of gospel messengers are by this time on the other side the Atlantic. They sailed from Liverpool more than a fortnight since. They had a memorable meeting before sailing.

Anna & Jenkins is likely soon to return to England having been again liberated for service on this side the water. — Jno & M. Yeadley have again reached England. Jacob Green & R. D. Allen from Ireland, and Saml & Maria Fox of Tottenham, were at our meeting a few days ago on their way into Scotland. J. & M. F. were with us on a first day & had a large & satisfactory public m^r.

the first held in York of six years. My cousin A C Backhouse is holding meetings in South Wales. Mary Richardson & my sister Sarah have finished their services in Cambridge & Huntingdonshire, Lincolnshire & part of Yorkshire, Lydia Field joined M.R. in part of Lancashire to which Sarah's concera did not extend. - My cousin Wm Backhouse is liberated by his Mo. Mo. to visit Friends at Stavanger in Norway, & I hold a minute to visit the families in Cambridge & Huntingdonshires & for such service as may be required, in going & returning, being also on an appointment of the Yearly Mo. to visit the Qy Mtg for those countries. I believe several other Frs^{rs} are also moving about.

Yesterday on the way from Thorpe, I called on Frs. Owen who is now resident at Goole. he enquired kindly after thee. Thou will probably recollect him as a Missionary of the Church Miss Soc. having been among the Lulus & sojourning at Grahams Town when we were there. I am getting on with the Manuscript of my African Narrative. The sketch of
