

**“He’s a different man —
now that he sleeps well!”**

Thousands of business men, and women, owe their present fitness to the sound sleep and new energy they enjoy since taking Bourn-vita. Thousands have written expressing their gratitude for the benefit they have derived from Bourn-vita! Here’s a typical letter:—

“After a very hard and high-pressure day at the office I always used to feel too unnerved to manage to get to sleep peacefully. Some weeks ago, however, I tried Bourn-vita for the first time and now I am pleased to say that I sleep far better than ever I did in my life. I awake in the morning fit and ready for any kind of work. In the evening, too, I am always ready for dances, tennis, etc. . . . I feel so pleased that I have at last found an ideal tonic food-drink.”

The secret of Bourn-vita's efficacy lies in its healthful ingredients — principally malt, milk, eggs and chocolate—and to its rich content of malt diastase which makes digestion easier and also helps to digest other foods, too; thus you sleep soundly, your mind and body relax properly and you cannot but help awake in the morning re-invigorated. Start taking Bourn-vita to-night at bedtime and notice the improvement to-morrow.
