

Committee Chamber
 Tuesday

My dear Mr. Paine

By a Letter from
 Sarah this morning. I am sorry to
 learn your Legs are not much better
 & that they have advised, that
 which you defer till I return. I
 think you ought not to defer it
 though I hope to be at home on
 Saturday. The Estimates are laid
 on the Table but will not come
 on for debate till tomorrow.

I have been to Rowles about the
Sable Farming - who tells me
he has not got the article but
I am going to Mr. Lewis this
afternoon to see if he has any
if so will send it by Mr.
Lewis on who leaves by this
afternoon's Coach - I told
Nora to send another Memorial
which is the best plan I
could propose by a return
of Post Office for a pair - If
I go & proceed on the old
request it, ^{will} create a difficulty
because it appears to ^{be} questioned

the propriety of the removal which
I have no right to do & it
might be felt as an improper
interference on my part were
the Men known instead of good
I was in the Supreme Court
this morning to hear Mr. Allport
was to cut himself from the
Charge of Mr. Smith.

As a flock I regret to say Lewis has not yet
any table for trimming and says he does
not believe there is any real Snow. The
Shopman says this kind of trimming is
not used now. I might have been now only
worn. Send me word what you wish
to be got. I have also not yet
been able to match Sarah's Satin.
