

Freemason. Wednesday - 5. o'clock -

My dear Mr. Baring

The extraordinary Meeting

is over and since the affair is not yet settled  
 Mr. Gos. had us all together in one Room  
 and read the dispatch: it was to the effect  
 that the ex-members were requested of  
 any display they might wish to make  
 that the Gentlemen elected or nominated in  
 their Room were entitled to the merit of  
 coming forward in a season of great excite-  
 ment: that so long a Term had elapsed, that  
 he hoped all such excitement had passed  
 away and that as the present Constitution  
 did

not allow of more than one half of  
the ex t. present members sitting, the Gov.  
was to nominate 6 out of the 12 - The Gov.  
said he would rather leave the nomination  
to the Ex t. present, than through himself.  
Proposed you would meet tomorrow at  
propose list of the six was wished to send -  
Mr. Goyen. said he did not wish to em-  
barrass the Gov. it would be in out, others  
said we could not amalgamate - this being  
the general sentiment. the Gov. is left  
to choose whom he thinks proper. The  
effect is this all is done - so I presume  
we shall remain in our seats -
