

My dear husband

The inclosed  
note came by Saturdays  
post - you have a small  
list of memorandums in  
the letter I gave you in  
addition I want about half  
a pint of spirits of wine  
Arthur intends going  
down to Hobart town on  
Thursday after I left you  
I stopped at Morrisons  
during the time the  
horses were getting shot  
Mr James Lord was  
there she came & sat  
with me also Mr James  
Lord said nothing  
about the cure I thought

you had better rectify  
the mistake - we have  
had very fine weather so  
without rain - Thomas  
finished the walk on Saturday  
Charles is able to go about  
outside Sarah was at  
church on Sunday took  
Mrs Newlove & brought  
two Miss Greys & Miss  
Richardson to Rosedale  
I hear the Steamer has  
been detained at Geelong  
for repairs I should  
think it will be very  
inconvenient for the  
Admin<sup>r</sup> being detained

so long in Launceston  
I have so little news  
to tell you it is hardly  
worth writing -

The gig is come back  
but the Groom says he  
would like you to see  
it before it goes out  
his

I do not think three  
men can do the carriage

Please write as often  
as you can with

all the news

Your truly

E Leake

Will you inquire at  
Harbottle if we could have  
any sort of a tube to  
heat the bath by steam

Yours  
Wm. W. W.
